## REFERENCE LETTER

-

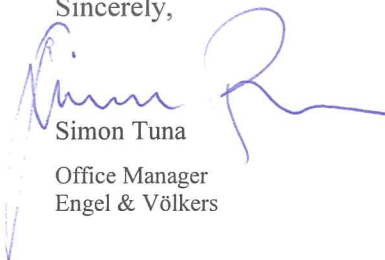

**To whom it may concern**

Derrick Feole is an outstanding photographer who puts a great deal of care and expertise into each listing he has photographed for us. Clients comment on the high quality shots he takes and how impressed they are when they see their home on our website.

His quality of photography has been an important tool in marketing our listings. Even on short notice Derrick has been flexible at getting on location, capturing the space beautifully and delivering the high quality files to us promptly (often the same day or evening).

I highly recommend Derrick Feole (Feole Images) for any Real Estate or Architectural photography.

Sincerely,

Simon Tuna
